## Memorandum

To: The Board of Trustees of Eastern Washington University

From: Pat Davidson  
President, ASEWU

Date: April 24, 1985

Subject: Monthly Board Report

### I. Activities

- A. On Saturday, April 27, a campus wide clean-up is planned. The residence halls are participating as well as representatives from athletics and the Greek system. A barbeque and dance will be held afterwards for clean-up participants.
- B. The evening of the 27th, the International Student Association will be presenting their "International Night." This evening of multi-cultural cuisine and entertainment promises to be fun and informative.
- C. Every Tuesday there will be a student "swap shop" in the PUB multipurpose room. Students bring items to sell, and are provided with free table space.
- D. On Friday, May 3, the spring semi-formal will be held at Cavanaugh's Inn at the Park. We consider ourselves quite fortunate to have booked this facility the same weekend as Bloomsday.
- E. The annual "Parents' Weekend" will be held May 17-19. "The Kingsmen" are scheduled to perform at a welcoming dance on Friday. On Saturday, students and their parents can participate in a fun run, street fair and barbeque, capped off by Spokane's Lilac Parade. On Sunday, a farewell breakfast, raft trip and a cruise on Lake Coeur d'Alene are offered.
- F. The Activities office has begun a classic film series on Friday evenings at the Higher Education Center. Titles include such old favorites as "Stagecoach," "Lolita," and "Night of the Living Dead."
- G. Last week, some discussions were entered into with a representative from the local chapter of SWANS, a club for the Intercollegiate Nursing Center students. These students are seeking a greater return of their S & A fees. It seems that the entire amount of S & A fees collected as part of tuition from the WSU students at the Center is given to SWANS. Our financial arrangements do not allow us to entirely refund students their S & A fees. We are therefore discussing having our Assistant Activities Coordinator maintain some regular weekly office hours at the Nursing Center. The availability of this person on a regular basis, coupled with the easy accessibility of our programs and discounts, seems to be a workable solution.

## II. Council Business

- A. A vacancy on the Council was filled by appointment, but another position was opened by resignation. The Council is currently reviewing their organizational structure in order to make their specialized areas more "in tune" with current campus issues and concerns.
- B. The Council just finished conducting spring budgeting week. Decisions on individual allocations to clubs and organizations have been reached and forwarded to the office of Provost for Student Services. Pending approval by that office, the budgets will be presented as part of the University budget package.
- C. Filing for elections to Council Positions 7, 8, 9 as well as the vacated position number 2 opens Thursday, April 25. Our new director of elections is turning in an outstanding performance in this position.
- D. The Associated Students Spring Leadership Retreat has been scheduled for the weekend of May 10-12. We regret the schedule conflict with the Killin Scrimmage. However, we are still looking forward to having some Board members with us at Elkins. (I hope you have received invitations!)

## III. Executive Business

- A. The executive staff is now complete---after some communication difficulties in approving my initial recommendations. Each of the executives are now working on assigned projects. Initially, we hope to complete those projects which began under the Stone Administration.
- B. I have met with Tom Pyle from Information Services and with Larry Kinsel from IBM. A member of my staff is currently finalizing our assessment of the required computer hardware and software for the PUB office, the Activities/Outdoor Programs office, the University Disciplinary office, and the Associated Students office. A funding proposal will be part of our budget package.

## IV. Miscellaneous

- A. The future course of Eastern's Athletic Department is the hottest topic on campus right now. The Temporary Committee, anticipating the rigors ahead, has set a backbreaking meeting schedule. The current committee structure has my complete confidence. However, I feel the need to point out that 30% of students' S & A fees go to Intercollegiate Athletics. This is a substantial contribution by our student body. Therefore, the transfer of other student generated funds--

such as those from the Higher Education Center, housing and the bookstore--to athletics is unreasonable from our perspective.

- B. A request by the University's administration for a grant of funds from the Associated Students reserves has been mentioned as a possible means of resolving the revenue shortfall for the remainder of the current fiscal year. While the possibility has not been completely ruled out, the Associated Students are reluctant to simply grant these funds without some tangible return.
- C. There was a recent meeting of architects and dining services representatives on the PUB Renovation Project. I was unable to attend the meeting, but I did speak briefly with the chief architect afterwards. He mentioned to me the possibility of another delay in the project. Because this project has been changed and delayed for years, I think any further postponement would be catastrophic. In the best interests of the students, I believe this remodeling must proceed as soon as it possibly can.
- D. A few lighter subjects. . . due largely to student efforts, William Ruckelshaus was contracted as the featured 1985 commencement speaker. Also, the FOCUS has been redesigned and so far the new format is succeeding beyond even my optimistic expectations.

I hope to see all of you soon. Possibly at our retreat?
